

## Weekly Family Worship

### May 22, 2016

- Know:** God used questions to help Job better understand His greatness.
- Think:** Marvel at the magnitude of God and adjust your view of yourself accordingly.
- Do:** Trust and worship God for His power, knowledge, presence, and design.

#### Read—Job 38-39.

Job wondered why he suffered, but God did not tell him. We can trust God to know and do what is best, even when we don't understand what He is doing.

#### Worship — Praise to God.

##### My Help Comes From The Lord— The Museum

You may go to YouTube.com, use a CD, or choose a different song.

#### Do—Walk With God

**Option 1:** Instead of answering Job's questions, God gave him a display of His many works. This was to demonstrate His hand in everything that happens on this earth. Every living creature moves and breathes because God taught it to do that. The earth functions like it does because God created it to do so. Take a trip with your family to the zoo. Talk with your family about how creative, powerful, and mighty our God must be in order to create all of these different creatures. Next time we question what God is doing in our lives, all we have to do is step back and look at His creation to see His hand at work. He knows what He is doing and can be trusted to help us make the best choices.

**Option 2:** The amount of knowledge and information in our world is mind-boggling, and makes us realize how limited our own knowledge and understanding is. Discuss with your family the following:

- How does it make you feel to know there is so much out there that you do not know or understand?
- How should we respond to the fact that God knows everything there is to know; there is nothing He does not know and understand? (We should be in awe of Him; we should trust that He knows what is best for us.)

#### Pray—Talk to God

God knows and understands everything, including what is best for our lives. Pray that you and your family will be okay with God not answering our "Why?" questions. The Bible gives us so many examples of how God is in control, so we have to have faith that He is also in control of our lives.

#### Pray for the Unreached...

*Country:* Azerbaijan  
*People:* North Azerbaijani  
*Main Religion:* Islam

*Declare his glory among the nations. Psalm 96:3*

#### Memorize — Meditate on God.

**Proverbs 3:5-6** —Trust in the LORD with all your heart, and do not rely on your own understanding; think about Him in all your ways, and He will guide you on the right paths.

## This week in Sunday School...

### Preschool

Today your child learned Job wondered why all of these bad things were happening to him so he talked to God. After they talked, God healed Job. God also gave him twice as much as he had before. He also had more children. Job loved God and knew He was with him. I can remember God Is With Us All the Time.

### Elementary

Today your student learned Job prayed to God asking for understanding as to why all these horrible things were happening to him. God answered his questions by reminding Job of His mighty power. God reminded Job that He was creator of Heaven and earth, and nothing is too hard for Him. He or she can learn to remember God's strength and power over any situation.

### Youth

Teens discussed the idea that God has an understanding of circumstances that we do not and that we can worship and trust Him even when we may not understand. Talk with your teen about the importance of taking comfort in the fact that God knows and understands everything.
