

# Weekly Family Worship

October 30, 2016

**Know:** God met the needs of the Israelites when He provided bread from Heaven and water from the rock.

**Think:** Have the mindset that you are under the constant, attentive care of your heavenly Father.

**Do:** Thank God for His provision and obey His Word to demonstrate your trust in Him.

## Read— Exodus 16:1-17:7

Sometimes our wants and our needs get confused. What we think we actually need, like eating out, can be considered a want instead. God always has, and always will be, in the business of meeting the needs of His people.

## Worship — Praise to God.

**Trust in You— Lauren Daigle**

You may go to YouTube.com, use a CD, or choose a different song.

## Do—Walk With God

**Option 1:** The Israelites were thirsty as they walked through the desert, so they complained. They found some water that was not suitable to drink, but God made it clean and drinkable by having Moses put a tree in it. What an awesome miracle! They started to complain again about being hungry, so God let food come like the dew every day to fill them up. Instead of praying to God and trusting Him to provide, they just complained and let their bad attitudes get the best of them. God met their needs even when they were ungrateful for everything He had done for them. Sit down with your child and make a list of five ways God has blessed your family. Talk about how easy it is to complain, and how hard it is to be grateful for what you have.

**Option 2:** Write the word needs on a piece of paper. Ask your family members to help you comprise a list of what their needs are. For instance, they may suggest food, housing, clothing, etc. Spend a few moments taking suggestions and writing down their ideas. Once you have several things listed, ask them what, if any of the items listed, could be debated as being true needs. Eliminate any questionable items from the list, leaving only those things that everyone agrees are actual needs.

## Pray—Talk to God

Trust God for daily provision, and obey Him in the small routines of life. Pray that you and your family will trust God to provide for you in the big and small circumstances of life.

## This week in Sunday School...

### Preschool

Today your child learned God had a plan to provide food and water for His people. God told Moses to throw a tree into water to make it drinkable. God provided quail and manna for the Israelites to eat. God Has a Plan, and I can trust it.

### Elementary

Today your student learned God provided food and water for the Israelites. The Israelites complained because they were hungry and thirsty, and God sent quail and manna for the people. Just as God provided for them, He will provide for our needs. We should not worry. We can ask God for what we need. We should be thankful for His provision.

### Youth

Teens learned that God provided for His people in the wilderness through miraculous means. Talk to your teen about specific ways God has provided for him or her, and for his or her family.
